NOURISH

Mentorship

BY HARRY & DWAYNE

1. Mentorship is powerful and life changing (for both parties)

My Story

It takes a **Family** to Raise A
Child *just* like it takes a
Community to Raise a
Developer.

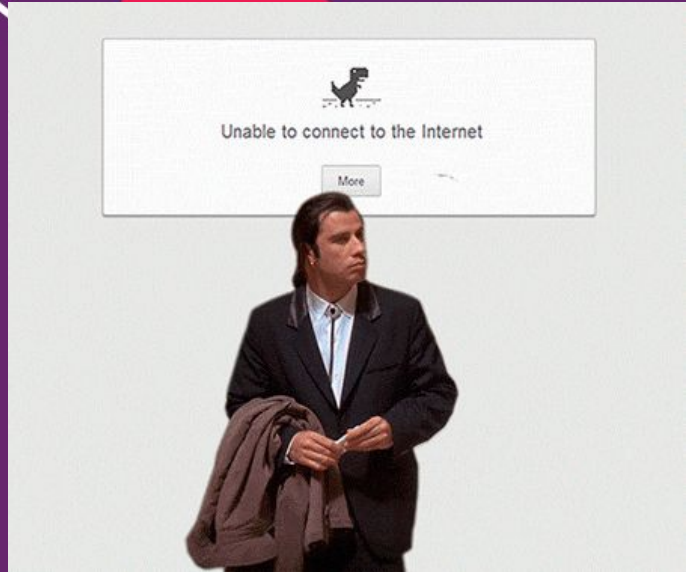

Harry's Journey

The effects of no mentorship

- Time wasted
 - Made my first website in 1999
- Low confidence
- Not knowing what's possible
 - Told not to pursue web

**A Mentorship at
an earlier stage
could have
changed that**

Never too late

*“There are many
paths, but one
journey”*

Naomi Judd

2. Going out and changing lives.

**Coaching
& Advice =
Mentoring**

Code Club

Helping those on the inside with
giving your time

Peer coding, sharing your knowledge

3. How to give back

Talking at College /University

```
* Code here
*/
var button = document.querySelector('.menu');
var nav = document.querySelector('.site-nav');

button.addEventListener('click', function() {
  nav.classList.toggle('active');
});
})(window, document);
```

Coaching

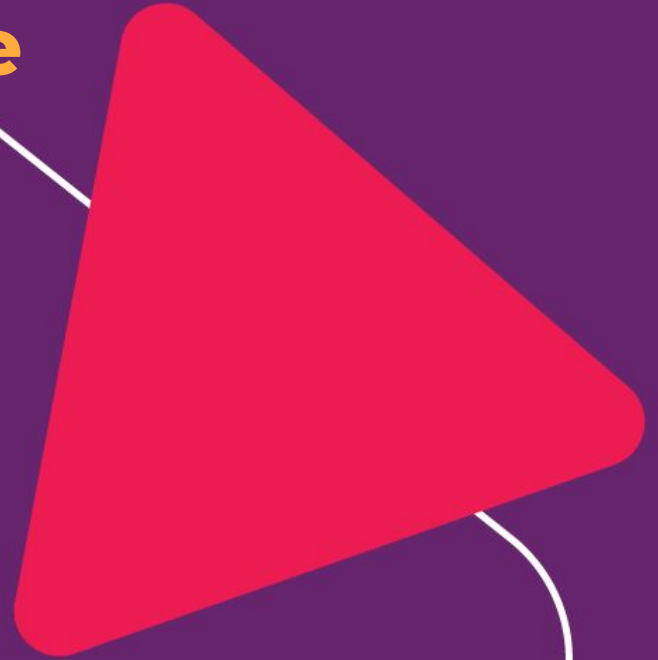

**In life, the real
jackpot is
people, not
money**

Just get your knowledge out there

- Blogging/Articles
- YouTube
- Open Source Contributions
- Being part of the local community (meetups, doing talks, networking).

who **allows you to see
the hope inside yourself**”***
